South's Leading Nursery

Equipped and Trained to Serve You

To the Trade

We invite your careful consideration of this catalogue in considering your plant needs for the approaching fall season. We believe that we have many plant attractions listed herein for you to consider — we would like to invite you to our place so that you can see first-hand the quality and quantities of our plants.

Prices have not varied much this year, quality has improved, quantities average about usual — so we feel that we can give you the best in the plants we have to offer.

Handling in delivery is done for a very reasonable figure — our trucks deliver right to your door. Experienced drivers assures our customers of undamaged plants from transit. Try this feature of our service.

Your past patronage has been of great help to us and we plead for your inquiries this fall.

Sincerely,

SOUTHERN STATES NURSERIES, INC.

Terms and Conditions

TERMS: We offer usual terms to those of known responsibility. Where the purchaser's credit responsibility is unknown to us, cash is required before shipping, or references must be furnished with proper time for investigation. On all C. O. D. shipments one-fourth cash must accompany your order.

PRICES: All prices listed are F. O. B. our nursery. Packing at cost. We will accept order 5 at the 10 rate, 50 at 100 rate, 500 at the 1000 rate. Prices listed herein are subject to change without notice, and are made for immediate acceptance. On reserve orders we require a twenty-five per cent deposit.

SHIPPING: Customers are requested to give definite instructions. We ship by Rail, Freight, Motor Freight, Express and Boat lines.

CLAIMS: All claims must be made immediately upon receipt of stock. While we use every means of prompt service, we will not be responsible for delays in transit. Our responsibility ceases upon delivery in good condition to the transportation company.

SUBSTITUTIONS: We never make substitutions on orders unless instructed by the purchaser.

GUARANTEE: We guarantee our stock to be well grown, true to name, properly packed and shipped according to instructions. In no case shall our liability be more than the original invoice.

CAUTION: We accept all orders subject to crop conditions and on condition that same be void if such occurs beyond our control. If you do not find the stock you desire listed, write us and we will get it for you. Many times our quantities will not permit us to list items.

AZALEAS

We have several thousand bed-grown and container Azalea plants this year in real nice quality — pruned and fertilized regularly, resulting in thrifty and compact plants.

Indica Varieties

DIXIE—Rather bushy, late flowers of tomato-red color.

ELEGANS—Fast and rather upright grower. Free flowering and easy to grow. Light pink blooms rather early.

FIELDER'S WHITE—Long considered the best of all early white Indica Azaleas for its large pure white, exquisitely formed flowers and profuse blooming habit, early and mid-season.

FLORIDA (Very good — crossed between Elegans and Omursaki — shell pink and late).

FORMOSA—Long called the greatest of Indica Azaleas. Large, purplish pink flowers. Bush grows tall and shapely. Dark green foliage. Easy to grow; late bloomer.

GEORGE FRANC—Extra large salmon pink flowers with deep red throats. Early.

MRS G. G. GERBING—A lovely new white sport of George L. Taber, with very large blooms, large foliage and compact habit of growth identical with its parent. Blooms late, giving a needed white to blooms in the season of Formosa and Pride of Mobile.

GEORGE L. TABER—Finest of variegated Azaleas; shows so little variegation that it is almost a bluish-pink. Very large flower; blooms late. Symmetrical, bushy growth.

JUDGE SOLOMON—A beautiful deep pink sport of Formosa. Flowers, foliage, vigor, habit of growth and flowering season identical with Formosa. Color is deep pink with a trace of purple.

LAWSAL—Bright salmon-pink. Tall, bushy grower; late flowering. We highly recommend Lawsall as one of the hardiest and most satisfactory of Indica Azaleas.

MAGNOLIA WHITE—Good, pure white. Dark green foliage — rather compact.

PRESIDENT CLAY—Strong grower with orange-red flowers, rather upright. Mid-season.

PRIDE OF MOBILE—Fast grower; large, deep watermelon pink flowers. Mid-season.

PRIDE OF SUMMERVILLE—Large, salmon — thrifty grower and profuse bloomer.

SUBLANCEOLATA RHODALEA—Large, brilliant single red. Rank grower with dark, glossy foliage.

Kurume and Pericat Azaleas

BRIDESMAID—Very bright salmon color. Beautiful, glossy, dark green foliage.

HINODEGIRI—This is a very popular bright red variety. The blooms cover the plant in such a manner that you can hardly see a leaf when in full bloom. Compact, slow growth. Very hardy.

CHINA SEAS—Fast grower, nice pink hose-in-hose. Excellent for late forcing.

INDICA VARIETIES:

		per 10	per 100
12-18 inches	gallon can	\$8.50	\$ 75.00

KURUME AND PERICAT VARIETIES:

12-15 inches	gallon can	9.00	85.00

CAMELLIA SASANQUAS

ANNETTE—Two-tone pink and white variegated. Dense growth, flower petals have crepe-paper like formation.

BUTTERFLY—Flowers large, single pink. Wonderful foliage and grower.

CLEOPATRA—Large, beautiful cherry-red flowers and crinkled petals. Foliage glossy and dark green. Vigorous grower yet compact.

MINE-O-YUKI—(Snow - on - the - Mountain) Large, double white flowers resembling a carnation. A profuse bloomer and open growth.

PINK SNOW—Pink form of double white Snow-on-the-Mountain Sasanqua. Beautiful, light rose-pink color, deeper than the single flowering varieties.

ROSEA—A graceful and upright variety. Dark green foliage with brilliant pink flowers.

SETSUGEKKA—(A great variety of beauty and merit) Large, almost single white flowers with just a touch of pink on petals' ends. Very erect, dark green foliage.

Quality Sasanquas

ROSES

All of our roses are budded on Multiflora Japonica root-stock, thrifty and real heavy for number one bushes. All varieties are old fashion ones, adapted for the entire Southland.

We use two methods of propagating the Louis Phillippe variety — one for bare-root plants and one for balled plants. Please note prices on both.

LADY HILLINGDON—(Apricot-yellow) Vigorous growth, oblong pointed buds and a profuse bloomer.

LOUIS PHILLIPPE—The South's favorite. Ornamental and blooms early every month in year. Red throughout, fading to dark red in fall. A good grower and bloomer.

MADAM LOMBARD—This Rose is one of the great favorites of those who have Tea varieties. In the spring it is carmine-pink, shaded salmon, a little lighter in summer. In fall it is almost red, when it is in its glory. A rank grower and profuse bloomer over a long season that extends into cool weather.

CLIMBING LOUIS PHILLIPPE—Same as above except a climbing sport. Introduced by us about six years ago.

CLIMBING MARECHAL NEIL—An old favorite. Yellow, very fragrant and sturdy grower.

CLIMBING PAUL'S SCARLET—Brilliant scarlet, semi-double flowers in large, heavy clusters. A great favorite for fence and trellis design.

CLIMBING REINE MARIE HENRIETTE — CT. — Cherry-red; large, double; fragrant. Growth vigorous; profuse bloomer; repeats.

LIGUSTRUM

We proudly proclaim the wide reputation we have as producers of beautiful GRAFTED Ligustrum of several varieties. The foliage of grafted plants excels greatly the rooted ones as to color and formation of leaves. Grafted plants also are resistant to Nematodes (Root-knot).

We pruned frequently our Ligustrum which gives to us compact beauty.

We introduced recently the Erecta and Fraserii Ligustrum — both of these are great plant introductions and have quickly become favorites.

LIGUSTRUM LUCIDUM		per 10	per 100	per 1000

B&B, double above prices.

**HOLLIES**

All Holly scions are taken each year from fruit-bearing trees. Both field and container plants are pruned frequently to give needed compactness. Our Howardii and Louise Holmes Hollies are grafted. These propagating methods insure berries and superior foliage.

ILEX EAST PALATKA (Exceedingly popular, profusion of berries, glossy foliage with but few thorns)

Medium Clumps	35¢ each	(5 bibs each)
Single Bibs	5¢ each	

LIRIOPE MUSCARI (Monroe No. 1) (Acclaimed as a plant miracle. Stronger growth than regular Muscari with unusual large Holly-shaped lavender spikes)

Medium Clumps	\$1.00 each	(3-5 bibs each)
Single Bibs50 each	

LIRIOPE MUSCARI (Monroe No. 2 — another discovery by Monroe Nursery & Landscape Company in Atlanta. Similar growth habits as Monroe No. 1 except this new variety possesses absolutely pure-white blooms upon strong stems.

Medium Clumps \$1.00 each (3-5 bibs each)
Single Bibs50 each

LIRIOPE MUSCARI (The original — very good as reputation indicates)

Medium Clumps 20¢ each (7-10 bibs)
Single Bibs 2¢ each

MARANTA VARIEGATA

	per 10	per 100
18-24 inches	gal. can 17.50	150.00

Maranta Variegata

OPHIPOGON JAPONICA (Very small foliage and low growing. Outstanding for ground cover, lawns and terrace work. This is commonly called Monkey or Mambo Grass)

Medium Clumps 20¢ each (10 bibs each)
Single Bibs 2¢ each

OYSTER PLANT — See Page 19 Tradescantia

PAMPASS GRASS (Cortaderia Argentea)

Small Clumps 18-24"	B&B	\$1.50 each
Large Clumps 2-3 feet	B&B	2.50 each
Extra Large Clumps 3-4 feet	B&B	3.50 each

Wire Balling

We strongly recommend the use of wire-balls on all larger size shade trees and ornamentals. This has proven to be a safeguard in the transplanting of large trees and shrubs without losing them. By wiring, we can enlarge the regular size ball that is firm.

Double Palm Tree

Prices on wire-balling:

24-inch ball	\$ 5.00
30-inch ball	6.00
36-inch ball	7.50
48-inch ball	10.00

Spraying

Produces Plant Beauty and Quality

A contributing factor in the making of the quality in our plant material is attributed to this new FOG machine. We have discovered through costly experiments that regular spraying produces quality in plants as well as the freeing of disease and insects. From certain kinds of spray material we have found them to be very vitalizing and at the same time conquerors of destructive scales and diseases.
